

Dear Friends,

My prayer for us all this week;

Mighty God our refuge and strength, always a very present help in trouble please, quiet our fears, so that we may hear your voice of assurance and grace. We pray that you bring calm to discord, healing to divisions, and hope in despair. Lead us as only you can do to live in acceptance of each other's differences and united by our common hope in Christ the messiah savior of the world. We pray for people of good will everywhere, and all who work for justice and compassion. Strengthen us to build communities and neighborhoods of hope and peace, and as a church renew our courage and commitment to love God and love our neighbor. Amen

Blessings,

Pastor John
