

Dear Friends,

Over the weekend we explored how Hope can overcome worry. The apostle Peter wrote a letter to the first century church encouraging them to *"Cast all their cares on Him because he cares for you."* 1 Peter 5:7.

We all have many worries these days and at times they can feel overwhelming. Perhaps Peter's encouragement can guide you this week in the worries you carry.

Know this dear friend, you are in my daily prayers for God's protection and guidance through each and every day.

Blessings,
